DETACHABLE Roller Screen

ITEM NO: ZPRS01

Max Size: W1.5*H1.5M

Profile Thickness: 0.8-0.9MM

Frame Color: white/gray/brown

Product Features:

- Detachable & washable
- Mesh selection: fiberglass/polyester/PET/PP mesh

DIY Roller Screen

ITEM NO: ZPRS02

Max Size: W1.2*H1.6m

Profile Thickness: 0.8-0.9MM

Frame Color: white

Product Features:

- Arbitrary cutting size.
- Four-side or three side for different windows
- Mesh selection: fiberglass/polyester/PET/PP mesh

Single open

Double open

46 Roller Screen

ITEM NO: RS46

Max Size: Single open(W1.5*H2.2m)
Double open(W3*H2.2m)

Profile Thickness: 1.0-1.1MM

Frame Color: gray/brown

Product Features:

- Open & close horizontally.
- Larger sizes are available to customize.
- Stainless bearings make smoother sliding.
- Ramp door rail is equipped to prevent tripping.
- Mesh selection: fiberglass/polyester/pet-friendly mesh /high definition PET mesh

Motorized

Manual

88 Roller Screen

ITEM NO: RS88

Max Size: W4*H2.6M(Motorized Type) W5.8*H2.8M(Manual Type)

Profile Thickness: 1.0-1.1MM

Frame Color: gray/brown

Product Features:

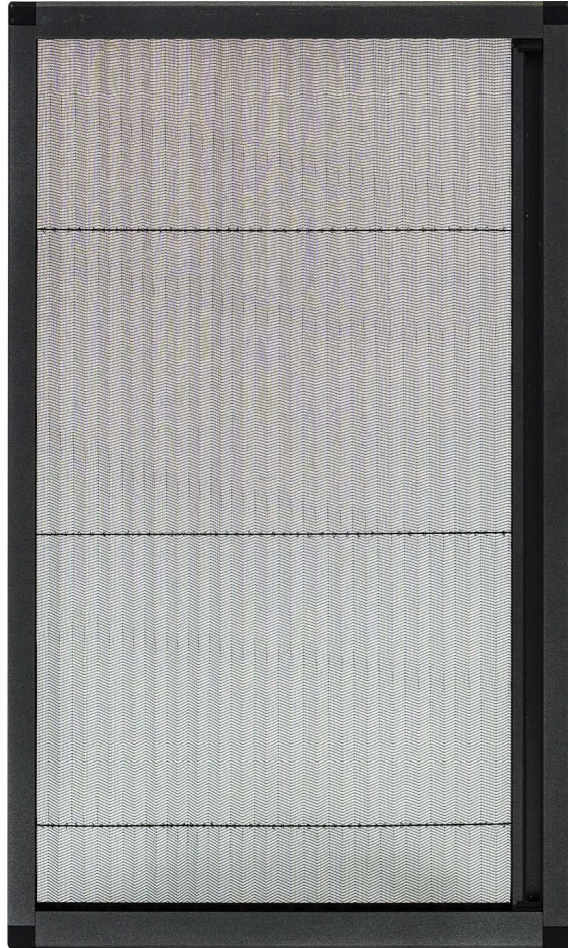

- Manual type or motorized type for choose.
- Wind-Proof design makes screen stronger.
- Mesh selection: fiberglass/polyester/pet-friendly mesh /high definition PET mesh

Multi scenarios applications: Balcony, Garage, Patio, Swimming pool enclosure, etc.

-PRODUCT DETAILS-

Intelligent electric yarn mesh

EUROPEAN Style Screen

ITEM NO: Z1

Max Size: Single open (W1.4*H2.2M)

Double open (W2.8*H2.2M)

Profile Thickness: 1.0MM

Frame Color: white/black/gray/brown

Product Features:

SLIM Frame Screen

ITEM NO: Z4

Max Size: Only insect screen

(Single open: W3*H2.8M) (Double open:W6*2.8M)

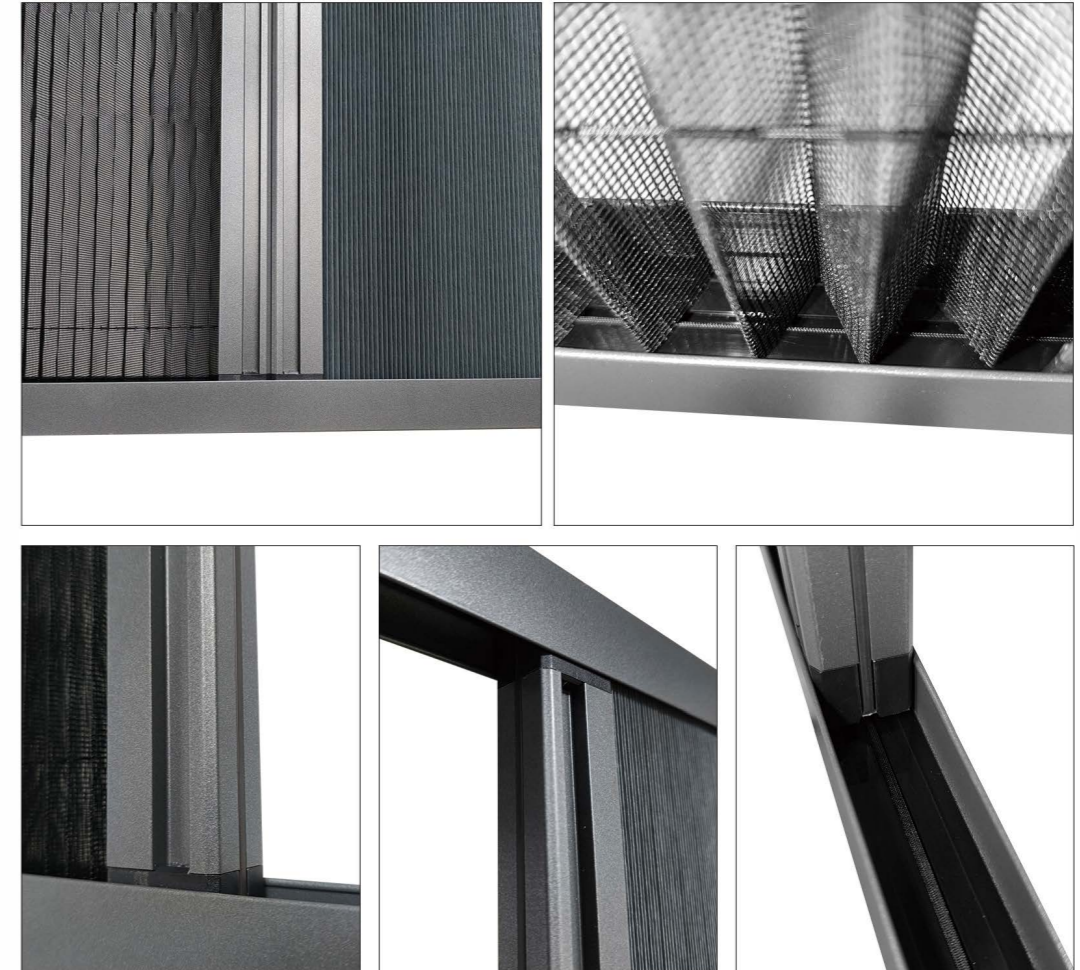

Sunshade&Insect Screen:W2.1*H3M

Profile Thickness: 0.9-1MM

Frame Color: gray/brown

Product Features:

- The screen looks more high-end with the extreme slim side frames (11mm).
- Sunshade and anti insect double usage.

LOW RAIL Screen

ITEM NO: Z2

Max Size: Only insect screen

(Single open: W3*H2.8M)

(Double open:W6*2.8M)

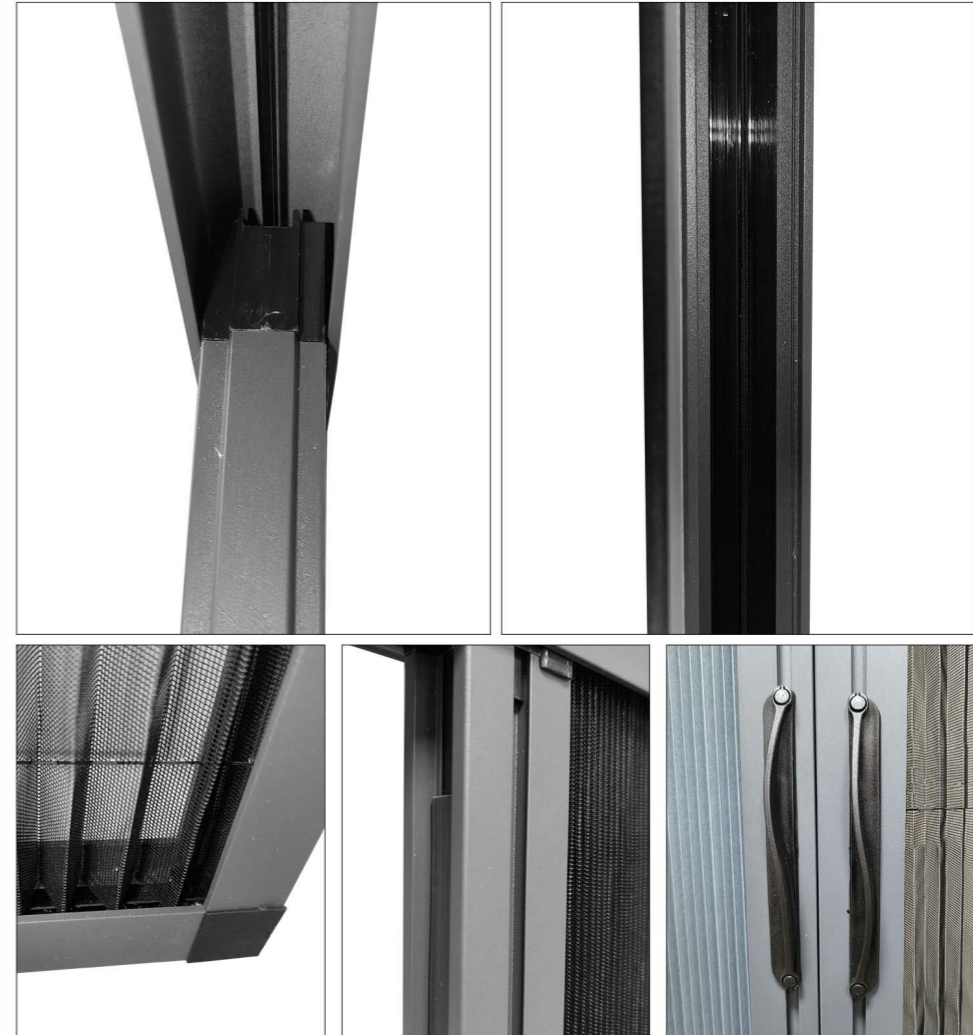

Sunshade&Insect Screen:W2.1*H3M

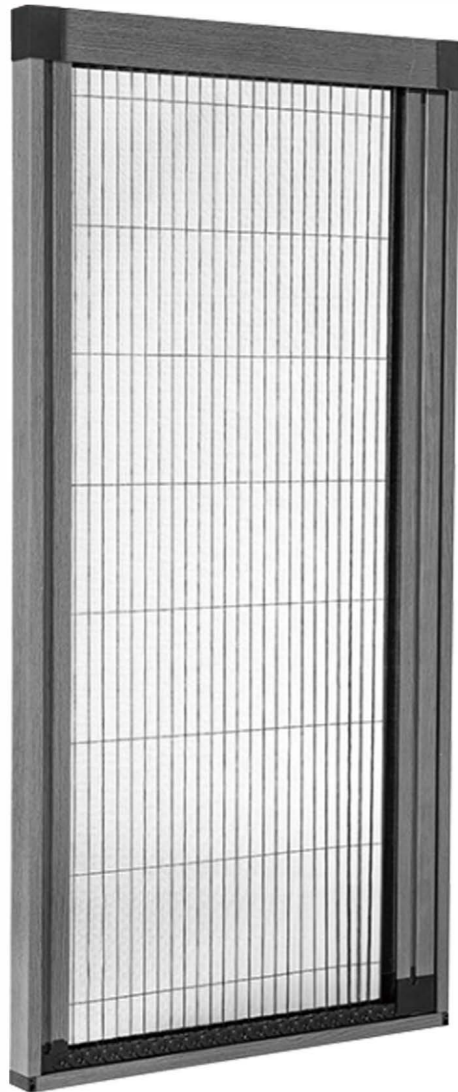

Profile Thickness: 0.85-1.0MM

Frame Color: white/gray/brown

Product Features:

- Changeable, sunshade and mosquito net 2 in 1
- Use the same four-sided profiles
- Grade-A 100% polyester waterproof /PET/
PP HD Vision Pleated Mesh

TRACKLESS Screen

ITEM NO: Z3

Max Size: Single open (W1.4*H2.8M)

Double open (Width≤Height; Height 2.8m)

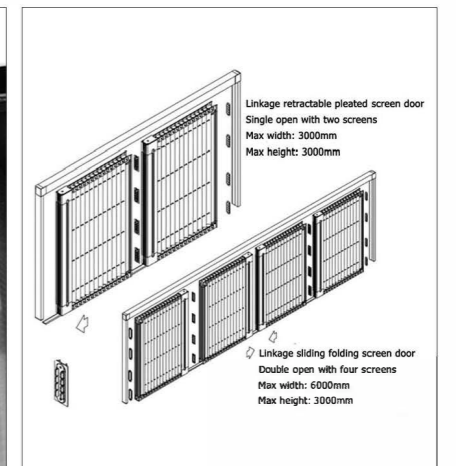

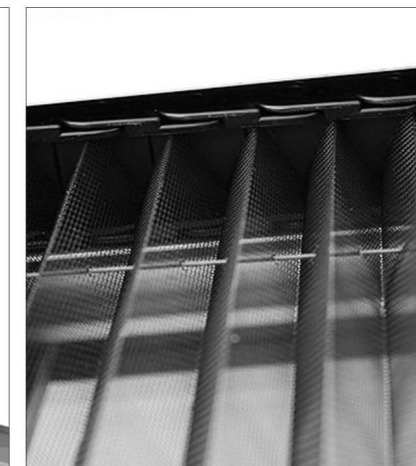

PS: If the width is more than half the height, it can be multi-panel linkage.

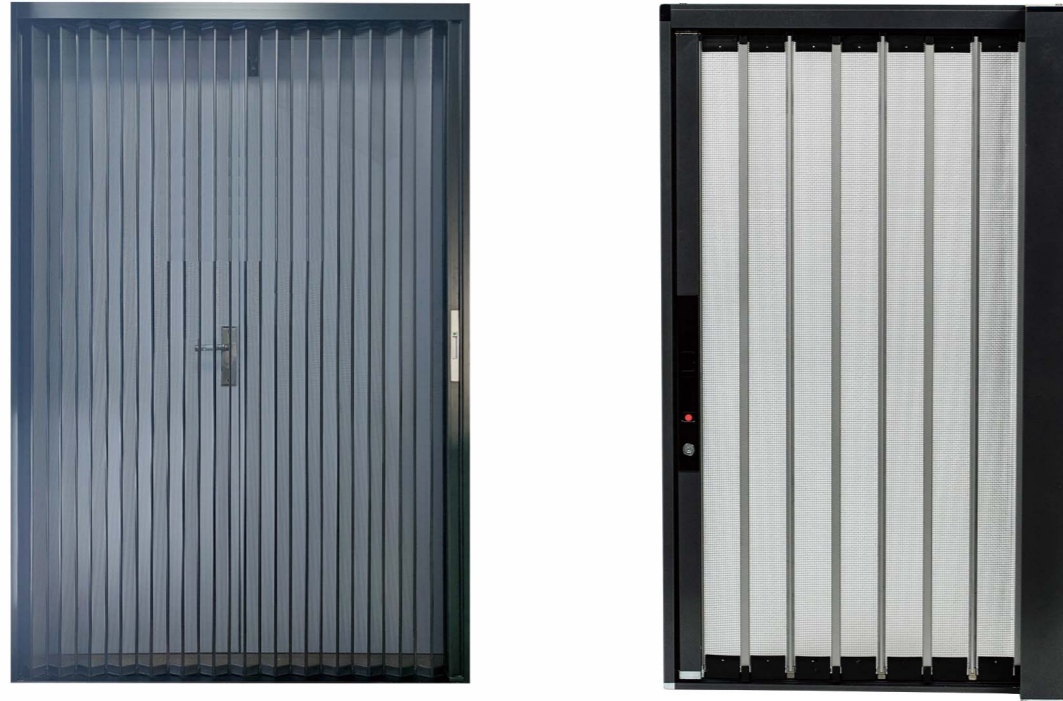

Profile Thickness: 0.8-0.9MM

Frame Color: white/black/gray/brown

Product Features:

- Suitable for large openings
- Barrier-free access to the bottom
- Multiple joining screen panels and detachable
- Unique track retraction method
- Grade-A 100% polyester waterproof / PET/PP HD Vision Pleated Mesh

ALUMINUM Safety Door

ITEM NO: ZS168 & ZS180

Max Size: Single open (W4*H3M) Double open (W6*H3M)

Profile Thickness: 1.0-1.1MM

Frame Color: white/black/gray/brown

Product Features:

- Two types: 168-degree type(not flat screen) & 180-degree type(flat screen)
- Upgraded wheels make smoother sliding.

MOTORIZED screen door

ITEM NO: ZPMSD01 Max Size: W6*H3M Profile Thickness: 1.4MM

Product Features

1. Wireless remote control roll up & down
2. Make ultra large size
3. Anti insect and sunproof
4. Mesh: Teslin, PP, Fiberglass, Pet Mesh to Choose
5. Multi scenarios application: Garage, Patio, Gazebo, Garden, Swimming pool Enclosure.

Pleated Mesh

PRODUCT FEATURES:

- Good resilience, good tension and long life
- Ventilation, light transmittance, vision up to 90%
- Every Folds completely closed without gaps
- High temperature, wind and sun resistance
- Excellent recovery and easy retraction

PP, PET, POLYESTER FOR CHOOSING SUITABLE FOR PLEATED SYSTEM

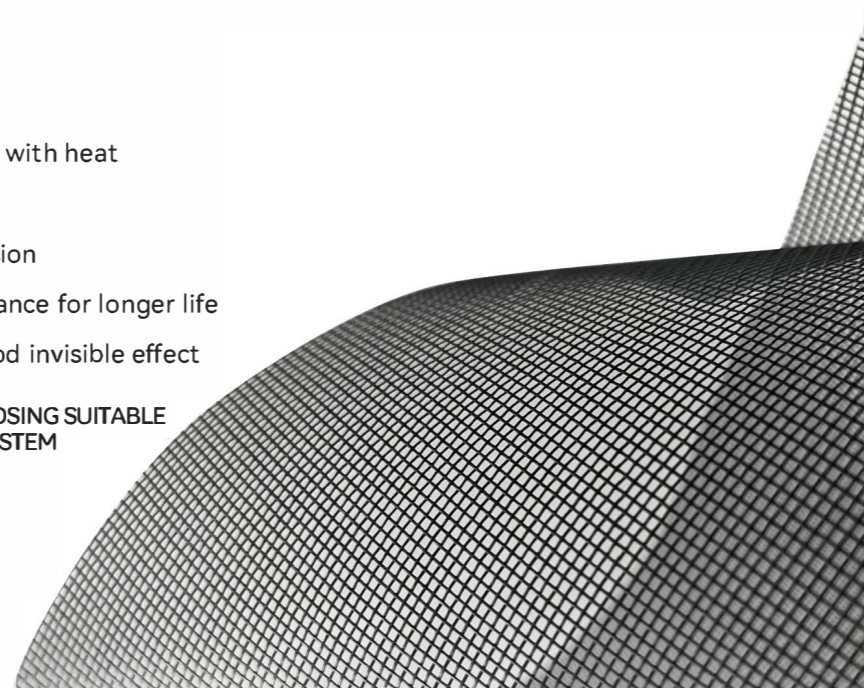

Roller Mesh

PRODUCT FEATURES:

- Soft material, not expand and contract with heat
- Not easy to wrinkle, not deformed
- Ventilation, light transmittance, HD Vision
- High temperature, wind and sun resistance for longer life
- Environmental protection material, good invisible effect

PP, PET, FIBERGLASS, POLYESTER FOR CHOOSING SUITABLE FOR SLIDING, RETRACTABLE AND ROLLER SYSTEM

SCENARIOS

Our screen systems offer a major transparency and protection against all types of insects, allowing all open spaces to receive maximum luminosity and air at any hour of the day.
